Pullins, has the most complete bee  
hive on record, of his own inven-  
tion, and it would be well for all  
who are in need to call and look at  
this wonderful hive before laying in  
a supply for the season.

U. S. Berry has armed himself  
with a new Oliver Chilled plow and  
gone to farming right. U. S. never  
plowed with anything but a bull  
tongue before and he is tickled to  
death to see the soil turn bottom  
side up, and often remains in the  
field long after dark and his wife  
has to hunt him up.

A Maryland negro used a crow-  
bar to tamp a dynamite charge.  
A few mutilated remnants of him  
were found.

### BEAUTY AND STRENGTH

Are desirable. You are strong  
and vigorous, when your blood is  
pure. Many—nay, most—women,  
fail to properly digest their food,  
and so become pale, sallow, thin and  
weak, while the brightness, fresh-  
ness and beauty of the skin and  
complexion, depart. Remedy this  
unpleasant evil, by eating nourish-  
ing food, and taking a small dose of  
Herbine after each meal, to digest  
what you have eaten. 50c at Chas.  
C. Davis' drugstore.

### LEVEL GREEN

Editor Signal, Sir: I notice that  
your other correspondents give the  
doings and whereabouts of their  
nabors and for fear you should  
come to the erroneous conclusion  
that I am a hermit, I'll do likewise  
at this writing.

First, Jep Mullins tho' three  
score, is sorely afflicted with meas-  
les, but is pulling for the shore.—  
Henry Catron looks in day time  
and dreams at night, about cattle  
and sheep—Alie Sowder bo't the  
C. D. Burnett farm for \$325, al-  
tho' he has hundreds of acres more  
than he will cultivate; for he just  
wont work and I dont blame him.  
I wont nuther.

Uncle Bill gave Henry Catron  
11 good ewes and throdde the lambs  
in for good count.—Green Morgan  
is trying to buy lambs at 4c. per  
pound, a pretty fair price.—Jarvis  
is still limping and totin his  
cane.—Cricket O'Neil wagons for  
Price Bros. and cusses alternate-  
ly.—Bill DeBord shod a hoss last  
week and turned 3 shoes, while  
Jack McMullin took up nine grubs,  
cut six ground-poles and burned  
some sedge grass and shod a  
hoss.—Orison Lawrence moved to  
the aunt Surrilda farm and firmly  
settled for life.—Brad Cummins  
had measles but it never broke  
out.

W. L. Cummins visited his father  
a Mt Vernon last week.—J. J.  
DeBord has made 9 rails, hauled a  
load of wood and broke a tater  
patch.—John Thompson has plant-  
ed his ingons.—Wade Brown built  
20 pandles of fence and then went  
to town on business, while Sam  
Brown, by the help of his wife, has  
planted his garden.—Bill Todd  
hewed a log and went to the store,  
and I, well I've done nothin, but I  
had 175 peach trees transplanted  
and my grape vines trimmed and  
readjusted.—Jack Towery took his  
intended out Sunday in a buggy  
ride. Jack aims to marry pretty  
soon, so madame Rumor says.

Uncle Mart DeBord sold John  
Thompson a hog, and he sold one  
to Price Bros.—Betsy has sot 2 hens  
and Sam's wife sot another—a dif-  
ferent hen.—Aunt Liz Lawrence  
will farm some again this year,  
while her tenant, Jim Hanks, is  
preparing for a good crop, but his  
hoss wont work.—Uncle Bob Tay-  
lor, tho' an invalid for 20 years and  
now three score and fifteen, is the  
stoutest and healthiest man in the  
Union to his age, and he says the  
quitting of the use of tobacco did  
it. Why can't more of us "go and  
do likewise?" Tobacco kill 2 men  
where whisky only cripples one.—  
Joe Brown is in Indiana, milking  
8 cows and doing the house work.—  
Overton Brown is in Missouri, run-  
ning Boss Hasty's farm.—Wade  
Brown has the best Hoss and Jack  
in Rockcastle county.—Cam Sow-  
der has bo't a bone cutter in order  
to make his hens lay more eggs.  
He feeds them the bones when cut  
fine. Just any old bones will do  
the work.

Lots of pasnips, taters and ingerns  
will be planted and sot out this  
spring.—Yes, o yes, Cricket O'neil  
has fenced his farm and will stock  
it with sedge grass, the best cow  
grass on this side of the earth.  
Well yes, I have some Burnuda  
grass that I got from Alabama.  
Do any of you want to see it?—Eggs  
have supplanted the place of cash  
and are legal tender in Possun-

Holler, except duties on imports  
and intrust on the public debt.  
They beat possum skins to all  
herlgull.—I swopped hosses, and  
my new hoss has gone back on me  
and I'm mad—mad at the hoss, not  
the man who swopped him to me,  
for the men have a right, or they  
take it at any rate — — —

This will show you that we have  
a populous town of thrifty, ener-  
getic people, mostly men, wimmun  
and children.—Peach trees are  
blooming and there will be plenty  
of fruit to load the trees if not  
killed later. Apples, O. yes, ap-  
ples by the peck. We have a good  
fruit country here if it don't get  
killed, and we can beat Sam-Hill  
for rabbits and pessums.

Brush Creek and Big Skaggs have  
both been on a high, recently, do-  
ing some damage to fencing where  
they came in contact.—We see that  
Marcus, Marcarius, Aurousing-  
boringcalins Hanner has declared  
in very emphatic language that he  
will not be a candidate for Presi-  
dent in 1904. Well, Hanner nei-  
ther will I, for the same good reason.  
Now you know you'd get left and  
so do I, but then who cares a con-  
tentental if you be a candidate.  
Many bigger men than you have  
run and been left. Now you just  
try it if you wish and if the repu-  
blicans don't beat in the first round,  
we'll do you up in the second.

### WALKS WITHOUT CRUTCHES

I was much afflicted with sciatica,  
writes Ed. C. Nud, lowaville, Sedg-  
wick Co., Kan., "going about on  
crutches and suffering a deal of  
pain I was induced to try Ballard's  
Snow Liniment, which relieved me,  
I used three 50c bottles. It is the  
greatest liniment I ever used; have  
recommended it to a number of  
persons, all express themselves as  
being benefitted by it. I now walk  
without crutches, able to perform a  
great deal of light labor on the  
farm." 25c 50c and \$1.00 at Chas.  
C. Davis' drugstore.

We are told that the company  
that is to control the American  
rights of Marconi's wireless system  
of telegraphy is to be capitalized at  
\$6,000,000, but what we would like  
to know is how much real money is  
to be but in the scheme.

from the northern part of the state  
last week, where he has been cau-  
sating for a portrait company. He  
and his wife have gone to house  
keeping near here.

### THE GREAT DISMAL SWAMP

Of Virginia is a breeding ground  
of Malaria germs. So is low, wet  
or marshy ground everywhere.  
These germs cause weakness, chills  
and fever, aches in the bones and  
muscles, and may induce danger-  
ous maladies. But Electric Bitters  
never fail to destroy them and cure  
malarial troubles. They will sure-  
ly prevent typhoid. "We tried  
many remedies for Malaria and  
Stomach and Liver troubles,"  
writes John Charleston, of Byes-  
ville, O., "but never found any-  
thing as good as Electric Bitters."  
Try them, only 50c. Satisfaction  
guaranteed. At all druggists.

L. & N. stock went to 109 1/4 in  
New-York Saturday.

Elias Baker, of Gum Sulphur, is  
in town selling books.

Miss Alice Green spent  
day last and Sunday

taking stock. Dr. Doores is at  
Burnside speculating in oil fields.

Tacoma, Wash.—M. D. Green  
leaves next Saturday for Salina,  
Kansas.

C. C. Johnson, son of W. H.  
Johnson, who has been in Califor-  
nia for his health, has returned to  
his father's not much improved.  
He has throat trouble.

This is rather a dull time for  
Crab Orchard, very few people at  
the hotels; except a few jags at  
the Springs, where they pay \$100  
to be made quit drinking.

Some sickness in this vicinity,  
and Andrew Foley, who is in his  
88th year has been confined to his  
house for several weeks with a se-  
vere cold, but is improving.

"Winter lingers on the lap of  
Spring," "Did you ever see such  
weather, for the time of year?" is  
the exclamations of every one you  
meet, but think we forget one year  
what kinds of weather we had the  
year before. I'm sure we'll have  
warm weather some time in July,  
if not sooner.

### HERBINE CURES.

Fever and Ague. A dose will  
usually stop a chill, a continuance  
always cures. Mrs. Wm. M. Stroud,  
Midlothian, Texas, May 31, 1899  
writes: "We have used Herbine in  
our family for eight years, and found  
it the best medicine we have ever  
used, for la-grippe, fever, and  
malaria." 50c at Chas. C. Davis'  
drugstore.

H. H. HENNINGER,  
Of Wayne county is a candidate for State  
Treasurer, subject to the action of the  
Democratic party.

REPRESENTATIVE GRIGGS, the  
new chairman of the Democratic  
Congressional Campaign committee  
is a believer in deeds rather than  
advance advertising of what he in-  
tends doing. When asked to say  
something about the selection of the  
executive committee, which is to  
assist him in managing the cam-  
paign, he said: "Not one of the  
committee of seven now knows  
what the other six men have in  
mind about the personnel of the  
executive committee yet to be  
agreed upon. We intend to get the  
parts of our machine ready in a  
night, to set it up, oil it, and have  
it running the next morning. Then  
there will be no unnecessary talk  
about it."

REAR ADMIRAL SIBLEY has ac-  
cepted an invitation brought him by  
a committee of citizens of Me-  
dina, Ohio, to visit that city of this  
month. He is a very wide,  
fastened on a silver oak,  
and made a much  
prized addition to the  
popular souvenir of  
Admiral Sibley.

CAPT. OBERLIN, who  
is in Fort Leavenworth Military  
Prison, serving a sentence for rob-  
bing the government, passed the  
danger point of his attack of typhoid  
fever suspiciously quick. The  
sympathy of a very old one,  
and the fact that Carter's former  
business partners are fugitives from  
justice may have caused him to try  
it on.

THE Civil Service Commission,  
in a report called for by a Senate  
resolution, says there are now 30-  
584 names on its eligible list. As  
this is a greater number than could  
receive appointments in ten years,  
it is surprising that the commission  
goes right along holding new ex-  
aminations.

ELSEWHERE in this issue will be  
found the announcement of Mr. H.  
H. Henninger, of Wayne county,  
candidate for State Treasurer. Mr.  
Henninger bears the reputation of  
being a man worthy of the office to  
which he aspires and will no doubt  
be a strong man in the race.

SENATOR QUAY was inclined to be  
humorous when he proposed an  
amendment to the Chinese exclu-  
sion bill excepting Chinese Chris-  
tians from its provisions. It would  
not keep out a single Chinaman.

PAYING more for every necessity  
and getting no more for their labor  
is one of the sorts of "prosperity"  
that is helping to make the election  
of a democratic House this year and  
a President in 1904 a certainty.

REPUBLICANS in the House have a  
Philippine bill that differs radically  
from the Senate bill. It provides  
the gold standard coinage, instead  
of silver, as proposed by the Senate  
bill, for the islands.

THE bill providing for a military  
bodyguard for the President not  
having passed the House, no sol-  
diers guarded Mr. Roosevelt during  
his visit to the Charleston Expo-  
sition.

PAPER mill workers in Wisconsin  
are on a strike for shorter hours.  
If this sort of thing keeps up news-  
paper workers will be striking  
for a day or two or three hours.

THE ladies of the New York  
chamber of Commerce will invite  
the Prince of Wales to attend the  
dedication of their new building.  
The Prince habit is catching.

ington and will retain his job as  
Ambassador to Mexico.

If the friends of the Nicaragua  
Canal bill in the Senate do their  
duty they will get action on the  
bill at this session or keep Congress  
in session all summer.

The republican "steering" com-  
mittee of the Senate made sure of  
another delay for the Nicaragua  
Canal bill when they decided that  
the Philippine bill should follow  
the Chinese bill.

The pneumatic tube men are to  
be taken care of in this year's Post  
Office appropriation bill. They  
must have squared themselves with  
the republican bosses since the last  
session of Congress.

years. He was the eldest son of  
Mr. and Mrs. Allen Mounce and  
was loved by all who knew him.

the Christian Church.

Mr. and Mrs. Allen Mounce de-  
sire to extend their most heart-felt  
thanks, to their many friends who

thank each in person, but that be-  
ing impossible, desire in this way  
to let all know that they appreciate  
beyond measure what was done for  
them.

There was quite an excitement

**HOUSEWORK**  
Too much housework wrecks wo-  
men's nerves. And the constant  
care of children, day and night, is  
often too trying for even a strong  
woman. A haggard face tells the  
story of the overworked housewife  
and mother. Deranged menses,  
leucorrhoea and falling of the  
womb result from overwork. Every  
housewife needs a remedy to  
regulate her menses and to  
keep her sensitive female organs  
in perfect condition.

**WINE OF CARDUI**  
is doing this for thousands of  
American women to-day. It cured  
Mrs. Jones and that is why she  
writes this frank letter:

Glendale, Ky., Feb. 10, 1901.  
I am so glad that your Wine of Cardui  
is helping me. I am feeling better than  
I have felt for years. I am doing my  
own work without any help, and I  
washed last week and was not one bit  
tired. That shows that the Wine is  
doing me good. I am getting healthier  
than I ever was before, and sleep good  
and eat hearty. Before I began taking  
Wine of Cardui, I used to have to lay  
down five or six times every day, but  
now I do not think of lying down through-  
out the day.

ALL CASES OF  
**DEAFNESS OR HARD HEARING

by our new invention. Only those born deaf are incurable.  
**HEAD NOISES CEASE IMMEDIATELY.**

F. A. WERMAN, OF BALTIMORE, SAYS:  
Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you  
a full history of my case, to be used at your discretion.  
About five years ago my right ear began to ring, and this kept on getting worse, until I lost  
my hearing in this ear entirely.  
I underwent a treatment for catarrh, for three months, without any success, consulted a num-  
ber of physicians, among others, the most eminent ear specialist of this city, who told me that  
only an operation could help me, and even that only temporarily, that the head noises would  
then cease, but the hearing in the affected ear would be lost forever.  
I then saw your advertisement, accidentally in a New York paper, and ordered your treat-  
ment. After I had used it only a few days according to your directions, the noises ceased, and  
to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you  
heartily and beg to remain  
Very truly yours,  
F. A. WERMAN, 730 S. Broadway, Baltimore, Md.

advice free. **YOU CAN CURE YOURSELF AT HOME** at a nominal

with putrid sore throat and asthma for ten years.  
I despaired of ever being cured. I saw your adver-

That no hog, shoat, pig, horse or mule shall be permitted to run at large within the limits of the town of Mt. Vernon; and if any such be hereafter found running at large, it shall be the duty of the Marshall of said town to forthwith take up an impound the same; he shall at once report said fact with a description of the property so taken up to the owner of said property, if he be found, and given the right to redeem said hog, pig, shoat, horse or mule and if not redeemed, which redemption shall be upon the payment of 50c per head, he shall report the same together with the name of the owner of such hog, shoat, pig, horse or mule to the Judge of Police Court of the aforesaid town, or to the Chairman of Board of Trustees who shall immediately thereafter issue upon said report a summons against the owner of such property to appear in said Court not less than three days from the day of such impounding when the said Judge, or Chairman aforesaid, will hear and determine whether there has been a violation of this ordinance by such hog, shoat, pig, horse or mule having run at large within the limits of said town. Should the Judge of the town aforesaid or the Chairman of the Board of Trustees decide that this ordinance has been violated he shall forthwith make an order directing the Marshall to sell such property to pay the expenses, cost and charges of all proceedings connected therewith, to the highest and best bidder for cash in hand, after advertising said sale for at least two days by notices aforesaid posted up in three different places in said town. **Land, Stock and Crop**  
Gleanings from exchanges and secular sale notices confirm our belief that the top price is not near reached for the mule—it is coming slow but sure. Prices for mule, jack and jennet stock are relatively two or three bids in advance of this date last year. Recent court days throughout Kentucky report advance in prices and an active inquiry for such stock and a demand when good animals are offered. The day is near when such stock will be money to the owner. The uses for the mule are on the increase—he is constantly sought for on the farm, especially in the corn belt, for the army he is a necessity, without him the ammunition and commissary wagon could not move. All the mule requires is a little encouragement, he is and always will be in demand.—Farmers' Home Journal.  
At a Mercer county sale hogs brought 7c.; horses \$70 to \$100; cow and calf \$30; corn \$3.50 per bbl., and sheaf oats \$1 per cwt. Clel Coleman bought 100 1,000-lb. slop cattle at 4 to 4 1/2c.—Herald.

M. J. Farris bought 55 head of cattle at Hustonville of Cambest & Allen. The average weight was 700 pounds, and the price \$4.50 per hundred.....O. P. Huffman bought a bunch of 1,500 lb. cattle this week of R. T. Burton, of Garrard, at 4 cents.—Danville Advocate.  
An American lady took a lot of poultry to the Philippines for the purpose of experimenting as to whether it would pay to breed for that market. She expressed herself satisfied with the trial and is of opinion that poultry raising for that Asiatic country could be made profitable by good Yankee management.

J. A. Ramsey, auctioneer, reports the sale of Mrs. Mollie Locknane, administratrix of J. W. Locknane, Thursday, as largely attended and everything brought good prices. Among the sales were the following: 2 brood mares, \$60 and \$65; 3 milch cows, \$40 \$42 and \$43; 2 heifer calves, \$14 50 each; 16 ewes with 20 lambs thrown in \$6 each; 1 gilt, 100 lbs., \$7; 2 shoats 80 lbs., \$5 each; bacon shoulders, 11 cts.; sides, 13 cts.; hams, 14 1/2 cts.; lard, 17 1/2 cts.; fodder 10 cts. per shock. Farming implements and household goods brought exceedingly good prices.—Winchester Democrat.  
J. C. Hayes bought of J. J. Purcell a pair of mules for \$85 and a pair of J. L. Myers for \$135.  
George Hasty bought of R. L. McFerron a horse for \$20.

**SAVE THE LOVED ONES!**  
Mrs. Mary A. Vliet, Newcastle, Colo., writes: "I believe Ballard's Horehound Syrup is superior to any other cough medicine and will do all that is claimed for it, and it is so pleasant to take. My little girl wants to take it when she has no need for it." Ballard's Horehound Syrup is the great cure for all pulmonary ailments. 25c, 50c and \$1.00 at Chas. C. Davis' drugstore.

**Oil for the Children.**  
Give them oil—cod-liver oil. It's curious to see the result. Give it to the peevish, fretful child, and he laughs. Give it to the pale, anæmic child, and his face becomes rosy and full of health. Take a flat-chested child, or a child that has stopped growing, give him the oil, and he will grow big and strong like the rest.

This is not a new scheme. It has been done for years. You must use Scott's Emulsion. Scott's Emulsion neither looks nor tastes like oil because we are so careful in making it pleasant to take.  
Send for free sample.
